1. School Mission

The Collège Français Bilingue de Londres (CFBL) aims to provide a bilingual and bicultural education that nurtures the academic, personal and social development of every student. Our mission is to foster curiosity, confidence and ambition in a caring and inclusive environment, enabling our students to become active, responsible citizens of the world.

The careers education programme reflects this mission by preparing pupils to make informed, confident decisions about their future pathways, whether in the French, British or international systems. While the school's ethos is proudly bicultural, reflecting our bilingual French-English environment, the careers provision embraces a multicultural perspective, recognising the diversity of our school community and preparing students for success in an increasingly globalised world.

2. Aims and Objectives

The CEIAG programme at CFBL aims to:

- Equip students with the knowledge, skills and confidence to make informed choices about their education and career pathways.
- Provide personalised, impartial careers guidance to meet the needs of every student. - Support transitions within and beyond CFBL, including to French lycées, UK schools and international institutions.
- Promote equality of opportunity and raise aspirations for all students, including those with SEND.
- Integrate CEIAG across the curriculum and through dedicated events, PSHE and pastoral care.
- Ensure compliance with statutory requirements including the Gatsby Benchmarks and French national guidance.

Every student is entitled to high-quality careers education, information, advice and guidance. This entitlement is regardless of background, ability or future aspirations and includes access to up-to-date information, meaningful encounters with employers and guidance that supports each individual's personal development and transition planning.

3. The CFBL Context: A Bilingual and Bicultural Approach

CFBL students navigate two educational cultures. Our CEIAG policy bridges the UK and French systems:

- **French System:** Emphasis on early career planning through Parcours Avenir, use of ONISEP, “stages d’observation” and guidance via the French curriculum.
- **British System:** A focus on developing transferable skills, broad career exploration, personal guidance, and the use of UK-based platforms such as the National Careers Service and UCAS.

We aim to offer a holistic programme that ensures coherence between both systems, enhancing global awareness and employability.

4. Delivery of Careers Provision

Area	Provision

5. SEND and Inclusive Careers Guidance

CFBL is committed to ensuring that all students, including those with Special Educational Needs and Disabilities (SEND), receive high-quality, personalised careers guidance. We will:

- Ensure that CEIAG is fully inclusive and accessible to all learners.
- Work closely with the SENDCO and support staff to tailor guidance and activities to individual needs.
- Offer additional support for transition planning, including post-DNB pathways and external services.
- Encourage ambition and provide realistic, supportive advice for students with EHCPs or specific educational needs.

6. Staff Development

All staff are encouraged to contribute to CEIAG delivery through their roles as tutors, subject teachers or event organisers.

To support this:

- CPD (Continuing Professional Development) opportunities will be provided on careers education and guidance.
- Staff will be updated on CEIAG developments through briefings, INSET and resource sharing.
- Careers-related teaching resources will be made available to enhance curriculum delivery.
- The Careers Lead will work collaboratively with teaching and support staff to embed careers across the curriculum.

7. Alignment with the Gatsby Benchmarks
